Lux Deco

WALLS

SAINT - TROPEZ WALLS

High-quality painting with premium finishes and materials elevates any interior, creating a space that radiates sophistication and durability.

The use of top-tier paints, such as those with rich pigments and advanced formulations, ensures a long-lasting, flawless appearance.

These premium finishes not only enhance the color depth but also provide a smooth, even texture that brings out the best in every surface.

Whether it's a satin, matte, or glossy finish, the careful application of these materials ensures that every detail is executed to perfection, with a level of craftsmanship that transforms the walls into works of art. The combination of durable, eco-friendly paints and expert techniques guarantees that the final result will maintain its beauty over time, resisting wear and tear while adding timeless elegance to the space.

This approach to painting creates interiors that not only look stunning but also feel elevated, where the high-quality materials work together to bring a sense of luxury and comfort to every room.

MARBELLA WALLS

In interior design, warm walls are often created using materials and colors that evoke a sense of coziness and comfort.

The addition of soft textures, such as fabrics, suede, or plaster finishes, gives the room a welcoming atmosphere.

These textures invite touch, creating a sensory experience that enhances relaxation and calmness. At the same time, the presence of soft roughness, such as our MARBELLA WALLS, adds character and depth to the space. This contrast between softness and ruggedness creates a dynamic interplay that brings balance and interest to the room. The rough texture not only adds a layer of authenticity but also introduces a natural, earthy element that grounds the space.

The combination of warmth, softness, and roughness makes the room feel both luxurious and grounded, with an inviting and lived-in charm. It's a design that appeals to both the senses and the emotions, providing a sanctuary that feels comfortable, yet visually rich and engaging.

IBIZA WALLS

Our IBIZA WALLS, often used in interior design, creates a unique atmosphere that blends both rustic charm and sophisticated elegance.

When applied it brings a soft, inviting warmth to the space.

The natural tones of Ibiza walls can range from creamy whites to earthy terracottas, golden yellows, or soft blushes, each offering a serene and calming effect. This warm palette evokes a sense of coziness, ideal for creating a tranquil, comfortable environment.

It subtly shifts with the light throughout the day, creating a dynamic, living effect on the walls. Its breathable quality helps regulate moisture and temperature, making it not only a beautiful but also a practical choice for interiors.

The texture is one of its most compelling features. It often shows slight variations, giving the walls a soft, velvety appearance that enhances the natural beauty of the material. Over time, it can develop a patina that deepens its character, adding to the charm of your interior.

Incorporating this into your home brings a timeless, organic feel that connects the interior with nature, creating spaces that are both visually appealing and soothing to the soul.

MARRAKECH

WALLS

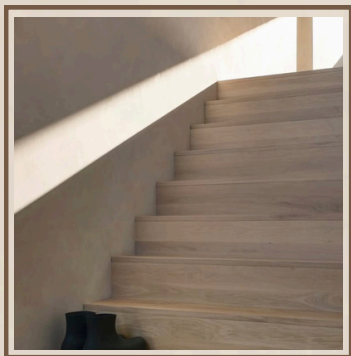

Marrakech walls in interior design bring an exotic, rich, and timeless charm to any space. Inspired by the vibrant city of Marrakech, these walls often feature the traditional Moroccan technique.

The result is a surface that feels as if it's been carefully crafted by hand, with a soft, velvety texture that reflects light beautifully, creating a warm and inviting atmosphere.

The beauty of Marrakech walls lies not only in their visual appeal but also in the experience they offer. The smooth, reflective surface captures the light in unique ways, subtly changing throughout the day as the natural light shifts. The deep, earthy tones ranging from warm creams and soft golds to deeper ochres and rusts—bring a cozy, sun-kissed feel to any room, often evoking the warmth of Moroccan desert landscapes.

What makes Marrakech walls truly special is their tactile quality. The smooth, texture invites you to touch, creating a sensory experience that adds depth and warmth to a room.

Marrakech walls are not just a design choice; they create a sense of place and heritage, infusing a space with the allure of Moroccan culture. They pair beautifully with rich textiles, brass accents, and intricate patterns, creating an interior that feels luxurious yet grounded in tradition. This style transforms any room into a sanctuary, filled with warmth, elegance, and a touch of exotic magic.

TUSCANY WALLS

Tuscany walls with a clouded or "swirled" finish create a truly captivating and dynamic atmosphere in interior design.

The result is a wall surface that feels alive with depth and interest, offering a subtle yet striking effect.

The clouded finish typically features soft, ethereal transitions of color, often blending shades in a way that mimics the gentle swirls of a cloudy sky.

These textures can vary from light, airy tones to deeper, moodier hues, depending on the desired effect.

This technique is perfect for creating a serene and calming environment. The gentle transitions between hues and the soft, tactile texture evoke feelings of tranquility and warmth, ideal for spaces where relaxation and comfort are paramount. Whether used in a living room, bedroom - the clouded textured walls introduce an artistic and sophisticated touch that transforms the space into something unique and memorable.

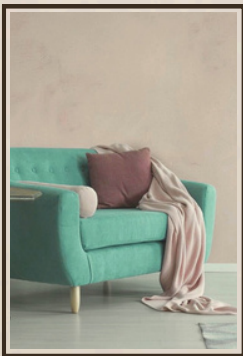

CAPRI WALLS

CAPRI WALLS is a mineral, and clouded wall finish that creates an enchanting, sophisticated atmosphere in any interior, blending natural elegance with a serene aesthetic. This type of finish, often achieved with mineral-based plasters, offers a tactile, smooth texture that exudes both warmth and tranquility.

The clouded effect is one of the defining features of this finish, where subtle, swirling patterns and gentle gradients of color give the impression of soft, passing clouds. The finish often has an almost ethereal quality, where the color transitions seamlessly from one tone to another, creating a sense of movement and depth across the surface. These materials bring a timeless, earthy quality to the space, offering a connection to nature and the soothing, grounded feel that natural elements provide.

In addition to their beauty, these soft, mineral, and clouded finishes have an understated luxury, transforming walls into works of art without overwhelming the space.

This kind of finish, with its soft mineral base and clouded appearance, brings a sense of calm, luxury, and timeless elegance to any room. It elevates the space with its natural beauty, creating a peaceful sanctuary where the textures and hues seem to shift with the light, offering a constantly evolving, ever-changing visual experience.

PROVENCE WALLS

Provence Walls in an interior design brings the raw, industrial charm of earth tones concrete into the warm, rustic aesthetic of Provence, France.

This style blends the sleek, minimalist feel of concrete with the inviting, earthy ambiance typical of the Provence region.

The matte finish of this technique offers a sophisticated yet understated texture, adding depth and character to the space.

With colors ranging from soft greys to earthy tones, this style mirrors the natural beauty of the French countryside.

The concrete texture complements rustic wooden furniture, lavender accents, and Mediterranean hues, creating a balanced, timeless atmosphere.

This fusion of earthy tones and Provençal influences creates an interior that is modern yet cozy, refined yet relaxed—perfect for crafting a welcoming, elegant space with a touch of French charm.

OSLO WALLS

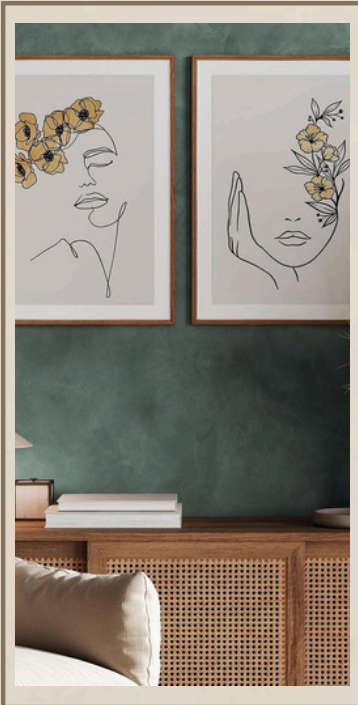

An interior with walls finished in Soft Touch Oslo Walls exudes a sense of refined elegance and warmth. This innovative wall treatment is characterized by its soft, velvety texture that invites both the eye and the hand.

The finish, created with natural mineral-based materials, not only enhances the aesthetic of a space but also creates a tranquil atmosphere through its understated sophistication.

The Soft Touch Oslo finish offers a subtle yet luxurious depth to the walls, with a soft matte appearance that varies in hue depending on the light.

The result is a space that feels calm, organic, and timeless, perfect for both modern and traditional interiors.

The natural tones of Soft Touch Anima bring an earthy, grounded feeling to the room, while the smooth texture adds a level of comfort and refinement. This finish is ideal for creating serene, inviting environments in bedrooms, living rooms, or any space where relaxation and elegance are key.

SINGAPORE WALLS

Our Singapore Textured Walls patinated with metallic tones bring a unique blend of sophistication and warmth to an interior.

The subtle sheen of metal-infused finishes, such as gold, bronze, or copper, creates a captivating, ever-changing surface that reflects light in a dynamic way.

These metallic hues, combined with a rich, tactile texture, add depth and luxury to the space, giving the walls an almost artistic, sculptural quality.

The patina effect, developed over time, offers a sense of history and character, while the metallic sheen enhances the room with a modern, elegant flair.

This style works beautifully in both contemporary and traditional settings, transforming any room into a space full of warmth, depth, and understated glamour

NEW YORK WALLS

Interior walls with a hand-crafted metal finish exude a sense of industrial elegance and artisanal craftsmanship.

This unique technique involves the application of metal-based materials, such as iron, brass, or copper, creating a striking texture that feels both modern and timeless.

The natural variations in the metal's surface give each wall a distinct, bespoke quality, with reflections of light that shift throughout the day, adding depth and warmth to the space.

A hand-crafted metal finish introduces an element of sophistication and raw beauty, perfect for creating a bold, artistic focal point in any room.

It blends well with both minimalist and more traditional décor, bringing a sense of luxury and character to the interior.

VENETIAN WALLS

Venetian Walls bring an exquisite, timeless elegance to any interior.

This Italian plaster technique creates a smooth, polished finish with subtle depth and a luminous, marble-like effect.

The application process involves layering multiple coats of lime-based plaster, which are then polished to achieve a high-gloss shine.

The result is a surface that reflects light beautifully, adding warmth and sophistication to the space.

Venetian walls are not only visually stunning but also create a serene, luxurious atmosphere, perfect for both modern and classic interiors. The rich, smooth texture and soft, translucent appearance transform any room into a refined and tranquil sanctuary.

FIRENZE WALLS

Our Firenze Marble-effect glossy finish walls bring an elegant and contemporary allure to any interior.

This sophisticated technique mimics the luxurious look of marble with a high-gloss surface that reflects light beautifully, enhancing the depth and intricate veining of the marble pattern.

The shiny finish adds a touch of opulence, making the space feel more spacious and vibrant.

Ideal for both modern and classic settings, marble-effect glossy walls offer the timeless beauty of natural stone with the added benefit of a sleek, polished appearance.

It creates a refined atmosphere, combining luxury with a sense of sophistication and timeless style.

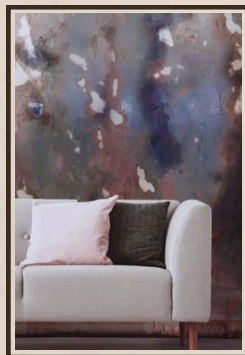

MONACO WALLS

Monaco wall finish from Lux Deco brings a refined, earthy elegance to any interior. Inspired by traditional Italian techniques, this finish features rich, textured surfaces that resemble natural stone, offering a sophisticated, timeless look.

The unique, hand-applied layers create depth and warmth, with subtle variations in color that enhance the room's atmosphere.

Ideal for both contemporary and classic interiors, Monaco Walls adds a sense of luxury and authenticity to the space, evoking the charm of old-world craftsmanship while fitting seamlessly into modern design.

It's a perfect choice for creating a serene, inviting ambiance with a touch of Italian heritage.

LUX DECO WALLS

signature

My signature wall finish in 24-karat gold leaf infuses any interior with an extraordinary sense of luxury and timeless beauty.

The meticulous application of pure gold leaf creates a radiant, luminous surface that captures and reflects light, adding a warm, opulent glow to the room.

This exquisite finish turns walls into captivating works of art, transforming the space with a refined elegance that speaks of craftsmanship and sophistication. Whether in a modern or classic setting, 24-karat gold leaf creates a stunning focal point, elevating the entire atmosphere with its understated yet striking glamour.

Lux Deco

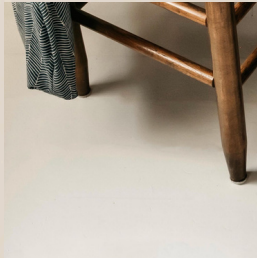

FLOORS

MARBELLA FLOORS

Marbella Floors is an epoxy based product that offers a sleek, seamless finish that is both durable and crack-free, making them an ideal choice for interiors in Southern countries. The smooth, uniform surface ensures a clean, modern look, while the epoxy material is highly resistant to wear, moisture, and temperature fluctuations.

This makes it perfect for climates with high heat and humidity, providing long-lasting beauty and functionality without the risk of cracks or damage over time.

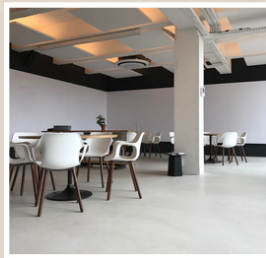

IBIZA FLOORS

Marbella Floors is an epoxy based product that offers a sleek, seamless finish that is both durable and crack-free, making them an ideal choice for interiors in Southern countries. The smooth, uniform surface ensures a clean, modern look, while the epoxy material is highly resistant to wear, moisture, and temperature fluctuations.

This makes it perfect for climates with high heat and humidity, providing long-lasting beauty and functionality without the risk of cracks or damage over time.

Lux Deco

BATHROOMS

MARBELLA BATHROOMS

Marbella bathrooms is a versatile, seamless coating applied to surfaces like floors, walls, and countertops, making it ideal for bathroom renovations.

It consists of cement, resins, and pigments, creating a smooth and durable finish that's both water-resistant and easy to maintain.

Its modern, minimalist aesthetic allows for a continuous, sleek look without the need for grout lines. Marbella bathrooms is also highly customizable in terms of color and texture, providing flexibility to suit different bathroom designs.

It's a popular choice for contemporary bathrooms due to its durability, elegance, and easy upkeep.

CAPRI BATHROOMS

Capri , used decoratively in bathrooms, creates a beautiful, textured finish on walls. It is often applied to achieve a "cloudy" or "marbled" effect, offering a unique, soft appearance.

This type of plaster is breathable, which helps regulate humidity, making it suitable for bathrooms.

While it is not intended for wet areas like showers, it is perfect for accent walls or areas not directly exposed to water.

The result is a luxurious, sophisticated look with depth and variation, ideal for adding character to a bathroom's interior design.

Lux Deco
HOME
EXTERIOR

MARBELLA HOME

Marbella Home products from Masmaya are high-quality, decorative finishes used for exterior walls, offering both aesthetic appeal and durability. These products are designed to create beautiful, textured surfaces that enhance the visual appeal of buildings. Masmaya's range includes different types of coatings, such as plaster and paints, that provide protection against weather elements while maintaining their decorative qualities. They are known for long-lasting performance, and the ability to achieve various finishes, from smooth to more textured looks, making them popular for both residential and commercial projects.

TUSCANY HOME

A textured exterior facade in the style of Tuscany features rough, natural surfaces that evoke the rustic charm of the Italian countryside.

This style often includes earthy tones, like warm yellows, terracotta, and soft oranges, combined with a stucco or plaster finish.

The texture itself is typically irregular and weathered, mimicking the aged, timeless look of Tuscan villas.

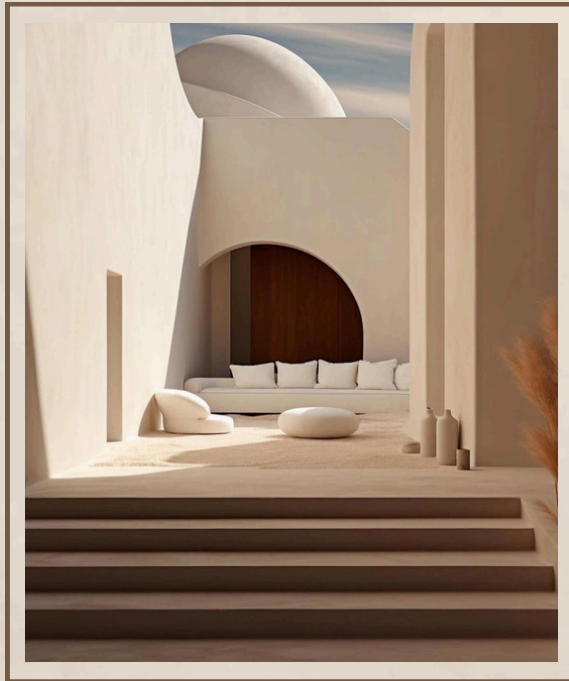

The goal is to create a natural, organic appearance that blends harmoniously with the surroundings, often incorporating elements like stone or brick for added authenticity.

A smooth but subtly clouded exterior facade refers to a building surface that has a uniform, even finish with a gentle, cloud-like texture. This effect is often achieved through specific painting techniques or the use of materials that create a soft, dispersed pattern on the surface. The result is a calming, refined appearance that avoids sharp contrasts while still providing visual interest. The subtle clouding adds depth without being overly bold or distracting, creating a serene and sophisticated aesthetic for the building's exterior.

FLORENCE HOME

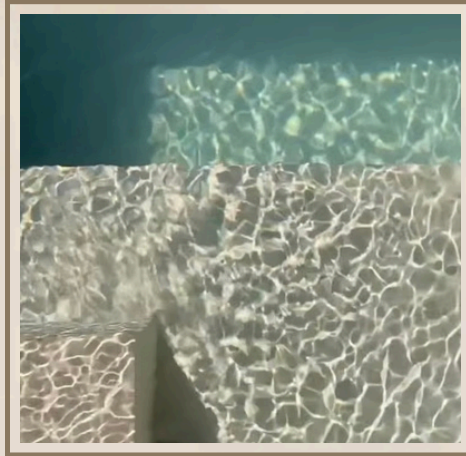

Lux Deco

POOLS

TULUM POOLS

Tulip Pools with the products of Masmaya is a high-quality product often used in swimming pools for its ability to enhance the appearance and durability of pool surfaces.

It's typically a decorative finish, offering a luxurious and smooth texture. This product is known for its resilience, making it ideal for both indoor and outdoor pools.

The finish provides a modern, stylish look with a natural aesthetic, and it also offers durability, resistance to wear, and low maintenance, keeping pools visually appealing over time.

MARBELLA POOLS

Marbella Pools offers premium swimming pool products designed to enhance both the functionality and aesthetic of your pool.

Known for their high-performance coatings and finishes, Micropox products provide exceptional durability, smooth surfaces, and long-lasting protection against harsh pool environments.

Their solutions are ideal for maintaining clean, clear water while giving pools a sleek, modern look.

With a focus on quality and innovation, Marbella pools ensures that every pool remains beautiful and well-protected for years to come.

The end
